

**Transitional Housing:** Shelter for homeless individuals and families for six months to two years in an environment of security and support designed to help residents progress toward self-sufficiency. A middle point between emergency shelter and permanent housing.

**Key:**  
 SPMI: severe persistent mental illness  
 FMR: fair market rent  
 CD: chemically dependent  
 SRO: single room occupancy  
 MI: mental illness

Due to the overwhelming number of applicants that are received by these places there are waiting lists in some of the transitional houses. There are also different programs that are required from the residents to participate
