

Project for Pride in Living – VISTA Literacy Leader (LitMN)

Project for Pride in Living, Inc. (PPL) is a nonprofit organization dedicated to empowering low-income people to become self-reliant through integrated services including housing and career readiness. The Career Readiness area of PPL works in service to our participants to provide transformative education and career training opportunities. The VISTA Literacy Leader will support the PPL Reengagement Center as we continue to grow our services through targeted literacy education, providing our participants the skills they need to access programming they may not immediately qualify for. We're a dedicated and eager team, constantly evolving and changing. We are strong believers in trial and error, knowing that nothing is perfect the first time (or anytime, really), but also knowing that the more times we try, the better the outcome will be! *A start date before April is possible if desired.
